Welcome

Every June, Suffolk Open Studios invites you to step into the inspiring world of our talented artists, makers, and galleries. This is your chance to see behind the scenes, explore their work spaces, and experience first-hand where the magic happens.

Our much-loved Open Studios event is completely FREE to visit. **Simply check this directory or our app to find each artist's opening dates.** Studios are open from 11am to 5pm, offering you the perfect opportunity to discover unique artwork, chat with the artists, and enjoy a warm welcome. Look out for our distinctive posters to guide you to participating studios on the day.

A Celebration of Diverse Art Forms

Suffolk is home to a rich and varied creative community, and this year's Open Studios event showcases an incredible range of artistic disciplines. Whether you love painting, printmaking, photography, ceramics, sculpture, jewellery, woodwork, glass, textiles, metalwork, or mixed media, you're sure to find something that interests and inspires you.

More Than Just June - Exhibitions Throughout the Year

Our members are busy creating all year round, and we are excited to present a series of group exhibitions across the county. Kicking off with our Spring Exhibition at Holton Lodge Barn Gallery near Halesworth in May, these showcases offer a wonderful opportunity to preview the work of participating artists and even take home a piece of original Suffolk art. See the exhibition listings on the back of this directory for dates and details.

Please note that map locations in this brochure are approximate.

For precise directions, download our Suffolk Open Studios app from the Google Play or Apple Store. Simply search for 'Suffolk Open Studios' and use the artist's details to navigate directly to their studio.

The SOS Art Directory is a year-round resource to help you find great art throughout the beautiful county of Suffolk. SOS members who are opening their spaces this year are listed on pages 5-37 in roughly geographical order, with an alphabetical listing on pages 23 and 26. A handy pull-out map with "pins" indicating approximate studio locations can be found at the centre of this guide, while page 38 has been left blank for you to write notes.

Not all members are open every weekend - this is indicated by the boxes to the left of their picture. Boxes with a border containing a number show the June weekends on which you may visit, while boxes in a solid colour represent weekends on which the space is closed. A box with an 'N' shows that the member is also opening on the 14th and 15th of November e.g. 1 3 N

To help you plan your visits, our app and website both allow you to filter listings by specific weekends.

Other symbols in this guide:

- A Open on other dates by appointment
